ROI In Wellness | PEMF THERAPY

PMST
Loop Duo

Dual Channel • Air Cooled • PEMF

A magneto (PEMF) therapy device for physiotherapists, physical trainers and osteopaths that users can apply to most body areas themselves. Two independent output channels let you treat two areas at the same time, ideal for busy clinics or patients who tolerate only short sessions. Comes in a rugged, all-terrain carry case for use in the clinic, gym or home.

INCLUDED ATTACHMENTS

Single Loop
8,900 Gauss max output
12" diameter
For large treatment areas
Standard 10 ft lead

Small Butterfly Loop
14,000 Gauss single
24,700 Gauss double stacked
6" diameter · joints & specific areas
Standard 10 ft lead

TECHNICAL SPECIFICATIONS

DEVICE

Field Strength	Up to 24,700 Gauss
Output Power	850W
Pulse Frequency	1–10 Hz
Output Channels	2 independent channels Can run simultaneously
Display	12.1" full-colour touch screen
Cooling	Air cooling
Fused	15 Amp
Attached Loops	Single loop & butterfly loop

PACKAGE

Package	Carton box
Package Size	75 × 62 × 55 cm
Gross Weight	60 kg
Carry Case	All-terrain, rugged carry case

OPTIONAL ACCESSORIES

Double Paddle
13,700 Gauss single · **19,800 Gauss** stacked
8" diameter · stack or sandwich extremities · 10 ft lead

Full Body Mat
8,300 Gauss · 55" L × 25" W, foldable
Use lying on back, front or side · 6 ft lead

Pulse Cube
12" L × 12" W × 3" H · saturates an area edge to edge
6 ft lead, customizable up to 30 ft

Dual Independent Channels | Up to 24,700 Gauss | 12.1" Touch Screen | Rugged Carry Case
