ROI In Wellness

HYPERBARIC OXYGEN THERAPY

Hobbit HBOT

Hard Shell • 1–2 Person • Up to 2.0 ATA

A hard shell hyperbaric oxygen chamber in aviation-grade aluminum alloy, with an oxygen concentrator, air conditioner and air compressor in one host unit, electric recliner seating and a CNC-machined sealing door.

MAIN COMPONENTS

Pressure relief valve

Pressure gauge

Control screen

Auto pressure relief valve

Nasal oxygen tube

Observation window

TECHNICAL SPECIFICATIONS

CABIN	
Model	KX-YK01
Cabin Type	Single person / two people
Cabin Dimensions	1-person: L2000 × W980 × H1700 mm 2-person: L2000 × W1480 × H1700 mm
Material	Aviation-grade aluminum alloy Aviation-grade polycarbonate window
Pressure	1.5 ATA or 2.0 ATA
Diffused O_2 Concentration	≤23%
Cabin Noise	≤20 dB
Cabin Humidity	26%
Air Conditioner	Cooling
Weight	330 kg
HOST UNIT	
Host Dimensions	L420 × 400 × 768 mm / L570 × W520 × H905 mm
Host Power	650 W
Oxygen Purity	≥93% ±3%
Oxygen Pressure	100–120 kPa
Operation Noise	≤60 dB(A)
Control	Intelligent control 9″ touchscreens, inside & outside
Voltage	110V / 220V
COMPLIANCE	
Certification	CE, ISO 13485, RoHS, UKCA

WARRANTY

3 Years Chamber shell & main unit	**Included** Support & parts

Up to 2.0 ATA

1 or 2 Person

Electric Recliner

Dual 9″ Touchscreens
